Feather Banner - Instructions

Step 1

Assemble the first 2 tapered fibreglass rods, starting with the thinnest rod and then adding the next size, making sure they fit snugly together.

Step 2

Insert these 2 rods into the sleeve on the side of the banner.

Step 3

Continue to add the next 2 metal rods until the top rod has been pushed all the way to the end of the sleeve.

Tip: It is important to ensure the rods are positioned right to the end of the sleeve.

Step 4

Secure the metal spring clip on the bottom of the banner to the moveable anchor point on the bottom rod.

Tip: If the banner is too loose or too tight, adjust the anchor point up or down accordingly.

Feather Banner Bases

Spike Base
Your banner stand is securely fixed in ground. Perfect for displaying your banner in the grass and dirt.

X Base

X Base
The standard x base for use when displaying on flat ground. An optional water bag is available to provide extra weight and stability.

X Base with water bag
